

## Children at Blue Coat School 300 years ago

Decorate the shirt with words and images that might describe what life would have been like for children at Blue Coat School 300 years ago. You could think about:

- What their home life might have been like before they came to the school
- What food would they eat
- What toys might they have
- What do you think their bedroom was like?
- What do you think their lessons were like?
- What do you think happened to them when they left the school?

## Children at your school today

- What do you do when you're not at school
- What food do you eat in school and at home?
- What toys do you have
- What is your bedroom was like?
- What are your lessons were like?
- What do you want to do when you leave school?
